

CK20

250 amp @ 100% Duty Cycle

Water Cooled

CK Worldwide uses a unique head assembly that provides the largest water jacket available in a 20 series torch. With this type of construction, CK provides over 4 x the surface area for maximum heat transfer versus competitive torch heads!

Increased Cooling

- Cooler running torches
- Longer consumable life
- Will hook up to standard cables and hoses
- Fail-Safe hose fittings (no wire ties required)
