

PIPE TRUCK

PART NO. KP-PIPE-TRUCK

Load and transport pipes easily in the factory and on the yard with the Key Plant Pipe Truck. There is space underneath the pipe to transport your fittings, elbows and tools etc. You can put the Pipe Truck on top of the pipe, strap it down with the hold down strap that is included, insert the transport handle on the side mounting tube allowing you to turn and move easily

The Key Plant Pipe Truck comes in a carton box and is easy to assemble. 16" (406mm) **flat free tires come as standard**. It can load up to 1000lbs (454Kg) and can carry pipes up to 12" (305mm) diameter with a maximum length of 20ft (610mm).
