RAPTOR T™

CARBIDE TCT

Raptor T™ Carbide Tipped Cutters for the toughest materials.

Available as individuals and in kits

Suitable for Drilling:

- Specialist 3 step alternative tooth geometry for the smoothest cut.
- Extensive range of diameters and sizes for every application.
- Designed for drilling tougher materials up to 1400N/mm².
- Using a pilot pin avoids the risks of breakage.
- 150mm & 200mm Depth of Cut options supplied with Specialist pins*.
